13th February 2020

Dear Parents/Carers

During the week commencing the 9<sup>th</sup> March, we will be participating in Science Week. The purpose of this is to raise the profile of Science and to give children the opportunity to participate in fun and engaging practical activities. All of the activities have been planned with a focus for each year group to gain scientific understanding as well as the ability to develop their working scientifically skills. Our theme for the week is 'Journeys' with each year group having a different journey to focus upon.

All parents/carers are invited into school from 3pm on Thursday 12<sup>th</sup> March to share the learning that has taken place and to discuss the work produced with your child/ children.

This year we would appreciate you completing the attached slip to identify if you are coming. This will then enable each class teacher to ensure your child/ children is/are ready to show you what they have been learning. On the 12<sup>th</sup> March, you can then collect your child/ children from the Main Hall where they will be ready to take you around all of the displays.

We hope to see as many of you there as possible to share the excellent work that has been produced.

Yours sincerely,  
Mrs. L Walker

---

Pupil's Name .....

I will be attending the Science Fair on Thursday 12<sup>th</sup> March and wish to collect my child from the hall.
