

Once upon a time Jesus was teaching people about God and he went out with his disciples. When he got back he saw a crowd of 5000 people. He started to teach them about God. While the people started to get hungry and tired. They did not have any food or money. They saw a little boy had handfuls of bread and fish. Jesus said them out but before he broke the bread and fish he said grace. He put the people into 50 groups then he shared them out there were 12 baskets left.

You have retold the story well Ruby and included the beginning, middle and end. Why do Christians believe this was a miracle? because he is the son of God. because God is majestic.

LO: To retell the story of The Feeding of the 5000.

To understand how Jesus inspires Christians.
