

Fantastic France

France, France, it's a ^{beautiful} lovely place, it lives in the continent of Europe and have many things were going to talk about, reader...

Landmarks in France

Locations, locations, France has a lot of places, like Paris, and other places like rivers and mountains, but some places get damaged over the years & and that makes people feel *sava mou* - I mean sad.

The Eiffel tower is a famous landmark! Like the London eye in, well... London! The Eiffel tower is 81 stories tall! that sounds crazy! There is also the Loire river, which is the longest river in France and earlier when I said "other places like rivers and mountains" here is a ^{shocking} ~~mount~~ mountain that is 4810 ~~metres~~ metres big! Yup, it's Mont blanc! now let's talk about the...

Food

Food, good, France knows their food! They are normally famous for the food they serve like snails! or in french... actually what is it in french? oh nevermind! They also sell macarons and crepes they look ^{tasty} lovely! what can I say? fantastic France, fantastic food! ✓
